The Zippo pipe lighter is made to the same high quality standards as a Zippo windproof lighter. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: perfectly lit tobacco, with no damage to the pipe.

Upgrade to pipe lighter recommended. Look for this symbol next to models that would pair well with a pipe lighter insert.

Any full size lighter may be ordered from the factory with a pipe lighter insert. Pipe lighter inserts are not sold separately, and must be fit to the lighter at the Zippo factory to ensure it meets our quality standards. When ordering, add PL to model number and \$1.50 to the retail price.
